# Dance Studio Accident & Liability Insurance

As a performing art, dance allows students both young and old to express their emotions through body movement. Participation can provide physical fitness, discipline, and entertainment...but can also result in accident and injury. Many families have little or no medical insurance, and those who have coverage may be required to meet large deductibles before their insurance pays any benefits. In addition, studio owners run the risk of personal exposure to lawsuits through a participant's injury claim.

However, now a comprehensive program has been developed to specifically cover the inherent risks involved in running a Dance Studio. This Accident and Liability Insurance Program is designed to help eliminate the financial and emotional burden one can incur as a result of a lawsuit or participant injury claim.
